CALL TO THE PUBLIC:

LUCY ROAD RESOURCES: Request to amend the Consent Decree, screening – Attorney Paul Bohn for Lucy Road Resources is requesting to amend the Consent Decree to change the nature of the top 6 feet of screening to allow bunker block in lieu of a wood or vinyl fence. The 1950 foot long wall has been started and is approximately 85 to 95 percent finished. Much discussion followed. Attorney Bohn requested a short break to confer with his client. **MOTION** Counts, seconded by Howard, **“TO TAKE A SHORT BREAK TO ALLOW ATTORNEY BOHN TO CONFER WITH HIS CLIENT VERN BROCKWAY OF LUCY ROAD RESOURCES.”** Motion carried. Session break at 7:08 p.m. **MOTION** by Kannainen, seconded by Howard, **“TO COME BACK INTO SESSION AT 7:13 P.M.”** Motion carried. Attorney Bohn and the board discussed deadlines for certain aspects of the Consent Decree that has not been completed. Howell Township Attorney Helen Mills stated that this is not a traditional screening and wanted to know what constitutes a screen. What was approved was a wood or vinyl screening. Attorney Bohn stipulated that it is a much more robust type screening. Mr. Brockway stated that he was concerned because of the length, height and direction of the fence run, a wood or vinyl screen would not be able to handle the wind surface. The bunker block screening consist of a 16” berm, 8” of concrete footing and 4 two foot blocks, making the screening 10 feet in height. The board conveyed their frustration at how long this process has taken and how many times this has had to go to court. They want affirmation that the consent decree will be completed by any new deadlines. Discussion on vehicles/trucks that are parked in front of the building. **MOTION WITH A FRIENDLY AMENDMENT** by Howard, seconded by Tipton, **“TO EXTEND THE AGREEMENT OF THE CONSENT DECREE TO ALLOW THE COMPLETION AS FOLLOWS: SAMPLE OF PAINTED BLOCK BROUGHT INTO THE OFFICE BEFORE THE OCTOBER 10TH BOARD MEETING, 4 BLOCK HIGH FENCE/WALL COMPLETED AND PAINTED/STAINED BY OCTOBER 31, 2016, SPECIFIED SCRAP/JUNK PILES REMOVED/CLEARED BY NOVEMBER 15, 2016, LANDSCAPING COMPLETED BY DECEMBER 31, 2016, COMPLETION OF ALL NOTABLE REGLULATORY ITEMS RELATED TO PERMITTING AND OTHER AGENCIES..”** Discussion followed. A roll-call vote was taken: Hohenstein – no, Howard – yes, Counts – yes, Kannainen –yes, Eaton – no, Tipton – yes. Motion carries 4 to 2.

CLOSED SESSION:

CONFIDENTIAL LEGAL WRITTEN OPINION AND ACQUISITION OF PROPERTIES DISCUSSION – **MOTION** by Counts, seconded by Howard, **“TO GO INTO CLOSED SESSION AT 7:54 P.M.”** A roll-call vote was taken: Counts – yes, Tipton – yes, Hohenstein – yes, Howard – yes, Kanninen – yes, Eaton – yes. Communities coming together to enrich lives by promoting active and healthy lifestyles

TO: Howell Township Board of Trustees

FROM: Paul Rogers – Executive Director

SUBJECT: Partnership in Howell Area Parks & Recreation

DATE: October 10, 2016

As the Howell Area Parks & Recreation Authority begins our strategic and master planning for the next five years, we are approaching the trustees of Howell Township to consider becoming a full “participating municipality” of the Howell Area Parks & Recreation Authority. 2016 was the trial year for Howell Township to decide the level of participation going forward as a participating municipality.

This request comes to you as budgets for the Authority and for each of the townships are being developed for the new fiscal year. It also gives us the opportunity as we begin our planning for summer, fall and winter programs to keep your intentions in mind, thereby giving your residents full access to our programs and services at the lowest fees possible.

At the heart of Livingston County, the Howell area continues to grow...with over 1,000 new residents in Howell Township between the 2000 and 2010 census. Those that move here are all looking for quality of life and a unique place to reside that celebrates and promotes a sense of place. Without doubt, we believe that parks and recreation opportunities are an essential component of a strong, vibrant and dynamic community.

Quality parks, recreational facilities and enrichment activities strengthen community pride and sense of place, promote health and wellness, contribute to a healthy economy and preserve natural and cultural resources. Residents in this community have long valued neighborhood and community parks as special natural places where they can relax, walk, meditate, and enjoy family time. Through diverse and innovative programming, and broad partnerships, the Howell Area Parks & Recreation Authority plays an important role in creating a healthy and active community. Below are just a few of the reasons why recreational programs and quality parks are essential to our sense of place and community enhancement:

Recreational programs provide organized, structured, enjoyable activities for all ages. The diverse range of recreational programs offered by the Howell Area Parks & Recreation Authority offers everyone the opportunity to develop the skills necessary to successfully and confidently engage in sports, dance, the arts and other social activities. Public recreation leagues and classes offer seniors, adults and children alike the opportunity to interact with coaches and teachers who often turn into mentors and role models. Quality recreational programs facilitate safety, good sportsmanship and community participation.

Public Parks (i.e. Howell City Park, Genoa and Oceola Township Athletic Fields, and Marion Township Disc Golf Course) provide thousands of residents in our community with the opportunity to be physically active. Physical activity is an essential part of an individual's efforts to stay healthy, fight obesity and prevent chronic conditions. Having close-to-home access to places where one can enjoy recreational activities is one of the most important factors linking whether people will become active and stay that way.

Parks have true economic benefits. Proximity to a developed regional or community park improves property value. The economic benefits of parks and recreation areas are diverse, but one of the most significant is the increase in value of private land adjacent or near protected public land. The proximity of parks to residential areas leads to increased value of private land, a higher tax base and many economic benefits to a community including increased local and regional revenue from heritage tourism, steady jobs, and numerous small business benefits. Park and recreation areas are economic engines that improve the quality of life and make communities livable and desirable for business and homeowners.

Parks and Recreation facilitate social interactions that are critical to maintaining community cohesion and pride. Parks and recreation facilities provide meeting places where community members can develop social ties, and where healthy behavior is modeled and admired. People gather to share experiences, socialize and to build community bonds. These public areas are often the glue that holds the community together and the means to maintaining and improving future positive social interactions.

Leisure activities improve moods, reduce stress and obesity, and enhance a sense of wellness. In an increasingly complex world, more and more people are placing a high value on achieving the feelings of relaxation and peacefulness that contact with nature, recreation and exposure to natural open spaces bring. People go to the park and to recreation facilities to change or uplift their mood, to reinvigorate themselves and to decrease the anxieties of daily life.

Community recreation services provide a refuge of safety for at-risk youth. Many parents are rightfully concerned with the dangers of unstructured "hanging-out" or unsupervised after-school activities. Community recreation programs provide children with a safe refuge and a place to play, which are important in reducing at-risk behavior such as drug use and gang involvement. Recreational programs led by trained leaders offer children healthy role models and give valuable life lessons to help steer youth to a future of promise and opportunity for success.

Authority Background

In 2006, four municipalities (the City of Howell, Oceola, Marion and Genoa Townships) joined forces and created the Howell Area Parks & Recreation Authority. Our goal then as it is now...to provide our community with the very best in recreational programs and leisure time activities. On July 1, 2008 the Howell Area Parks & Recreation Authority took its first steps as a stand-alone organization and transitioned out of a department within the City of Howell and we have re-defined ourselves as a creative, credible and collaborative organization. Now, almost 10 years later, volunteerism is strong, programming is unique and creative, our community events such as the Melon Festival & Legend of Sleepy Howell continue to grow and attract many new visitors and eventually residents to the Howell area. We continue to document close to 75,000 individuals taking advantage of our youth and adult sports leagues, enrichment classes, aquatic classes, beach and boat launch patronage, special events, teen center, senior center, preschool and summer day camp.

As you are aware, our operating budget is supported not only by participation fees but by partner contributions that are currently provided by four municipalities. Since 2013, the City of Howell, Oceola Township, Genoa Township and Marion Township have contributed the full membership amount of \$100,000 annually to the overall operations.

NOTE: The partner contributions are invoiced on a quarterly basis to assist our partners with cash flow and year to year budgeting.

The following is the proposed contribution levels and participant fees provided to the Howell Township Board last year. The HAPRA Board is requesting a decision by Howell Township on proceeding as a "Participating Municipality" of Howell Area Parks & Recreation Authority.

FINANCIAL CONTRIBUTION:

1. First Year (2016) - \$ 50,000 paid quarterly at \$ 12,500 per quarter.
2. Second Year (2017) - \$ 75,000 paid quarterly at \$ 18,750 per quarter.
3. Third Year (2018) - \$ 100,000 paid quarterly at \$ 25,000 per quarter.
4. Fourth Year (2019) – Move to same rate as current participating members, \$ 103,225.

PARTICIPATION FEES:

1. First Year (2016) - Resident Rate + 20%
- Example Boys' Basketball; Resident Rate \$ 55 – Howell Township Rate \$ 66 – Currently \$ 110
2. Second Year (2017) – To be determined by HAPRA Board
3. Third Year (2018) - To be determined by HAPRA Board
4. Fourth Year (2019) – Resident Rate

PARK PASSES:

1. First Year (2016) - One free park pass
Additional; Prevailing rates – 2015 was \$ 20 for resident & \$ 40 for non-resident - \$ 10 daily
2. Second Year (2017) – To be determined by HAPRA Board
3. Third Year (2018) - To be determined by HAPRA Board
4. Fourth Year (2019) – Two free park passes; Additional; Prevailing rates

HAPRA BOARD REPRESENTATION:

Voting Member of Howell Area Parks & Recreation Authority Board

Overall participation numbers for each municipality for YTD 2016.

Programs & activities participation counts – 3437 patron touches

Park & boat launch passes – 326 distributed

Participating Households – 999 out of 2669 parcels – 37.43%

We believe that participation in all of our programs and services will grow significantly by those living in Howell Township when the lower resident rates are put into place so that they can take part in active and healthy lifestyles.

We sincerely hope that you will consider our request to join the City of Howell, Oceola Township, Marion Township and Genoa Township as full participating municipality in the Howell Area Parks & Recreation Authority. The additional annual partner contribution is negligible, compared to the overall benefits and quality of life experiences that will be provided and available to your residents.

5. The Seller shall deliver and the Purchaser shall accept possession of said property at the time of closing, subject to the right of tenants as follows: No Tenants.

OWNER OCCUPIED:

6. If the Seller occupies the property or any part thereof, it shall be vacated on or before closing unless mutually agreed upon by Purchaser and Seller.

ENCUMBRANCE REMOVAL:

7. TAXES; PRORATED ITEMS:

8. All real property taxes against the Premises, of whatever nature and kind, which have become due and payable on or before the Closing Date shall be paid and discharged by Seller. Real property taxes which became, or become, due on or within the 365 days preceding the Closing Date shall be prorated on the so-called due date basis on the basis of a 365 day year (the due date of the Summer tax bill being July 1, and the due date of the Winter tax bill being December 1). All tax prorations shall presume that Purchaser is the owner of the Premises on the Closing Date.

EARNEST MONEY DEPOSIT:

9. Purchaser will, within two (2) business days after Seller's acceptance of this Agreement of Sale to Seller, present an earnest money deposit in the sum of Five Thousand (\$5,000.00) Dollars to be placed in escrow with Fidelity Title to be held and applied to the purchase price in the event of purchase consummation, or returned in full to the Purchaser in the event the Seller does not accept this proposal to purchase. Said earnest money deposit shall be fully refunded to Purchaser in the event Purchaser cannot have all contingencies contained in Section 16 removed, provided, however, once all of the contingencies that involve Howell Township and Livingston County approvals contained in Section 16 are removed, then the entire earnest money deposit shall immediately become non-refundable and payable to Seller, but shall be applied to the purchase price in the event of a closing.

ACCEPTANCE TIME:

10. In consideration of the Broker's assistance to the Purchaser in the preparation of this Offer and of his presentation thereof for the Seller's acceptance, the Purchaser agrees that this Offer is irrevocable through September 15, 2016 and if it is not accepted by the Seller within that time, this offer is deemed revoked. Purchaser understands that Seller, being a governmental entity, has a process and procedure to follow by law, and such process may not allow Seller to act within the timelines established herein.

Jerry,

I recommend going with the new pump in this case. The cost to rebuild versus purchasing new is too similar to pass up on the new one.

All,

Here is a quote for a new pump for the lagoons. It is \$6,211.00 installed and is a bit smaller capacity so we would have a bit better flow control. I can get it here in less than two weeks if we give them the go ahead in the next couple days.

Thanks

KENNEDY INDUSTRIES, INC.

STATOR

- Contamination in the stator housing caused the stator to burn up
- The stator will be rewound

ROTOR

- The rotor is worn at the lower mechanical seal fit
- The rotor will be chromed and ground to meet O.E.M. specifications

SUBMERSIBLE PUMPS- REPAIR SPECIFICATIONS

After disassembly and cleaning of all components, a complete disassembly report is written detailing all parts required to bring your machine back to OEM specifications. The stator is also tested with our motor analyzer. We perform a surge test, a 2,000 VDC megger, and a winding resistance test in milliohms. EASA guidelines and OEM specs are met. A visual examination is also completed to check for mechanical wear patterns and compromised connections.

The stator is then baked in our dedicated bake out oven for a minimum of two hours at 250°F. This removes all moisture from the windings and insulation. After this process, the stator will be tested to guidelines listed above.

All worn parts are replaced with new parts or are restored to OEM specifications by certified welding, hard chrome plating, tungsten carbide coating, machining, precision grinding, seal face lapping, or many of our other in-house processes.

Prior to assembly, the seal faces are lapped in-house to within two lightbands of flatness. The final product is Opti-flat verified.

After the rotating assembly is constructed with all components, total indicator runout is verified at less than .003" on critical faces and diameters. The rotor is then dynamically balanced to 4W/N. Our balance stand has a sensitivity of 20 Microrinches and a capacity of 10,000 lbs.

After assembly, the pump is air tested at 6 PSI for one hour then test run and checked for AMP draw, phase balance, and vibration. The pump is then coated with an epoxy based paint.

We also offer state of the art ceramic coatings to increase efficiency and to protect against erosion and cavitation damage. Our technicians are trained by 3M in surface preparation and application. Kennedy Industries, Inc. is also an authorized Flygt Distribution and repair facility.

Monthly Activity Report for September 2016 – Assessing Department/Brent Kilpela

MTT UPDATE:

7-Eleven v Howell Township: Dropped the 2015 appeal. The 2016 appeal is still active but may also be dropped.

Burkhart Ridge v Howell Township: Nothing new to report. Will be using the legwork we did for the 2015 appeal (which was dropped).

FSG Quality Living v Howell Township: Pre-hearing general call will be in June of 2017.

SMALL CLAIMS TRIBUNAL:

Burkhart Road Associates/Paul Chosid v Howell Township: Waiting for Tribunal to set court date.

Brewer Road Howell LLC v Howell Township: Waiting for Tribunal to set court date.

JOE DAUS, FIELD INSPECTOR: Finished section 19. New construction and open permits are still in need of attention but on the schedule for the end of the year.

EDUCATION UPDATE: I have successfully completed the MAAO program. I received my certificate in the mail last week. I would like to thank Mike Coddington and the rest of the board for this opportunity. Although it was far from easy it will be an interesting adventure now that I am certified. I hope to represent Howell Township in a professional manner for many years to come.

ASSESSING UPDATE: The current sales period is coming to a close. I will be working on land values and setting ECF neighborhoods in preparation for the 2017 roll.

CONSENT DECREE PROGRESS REPORT REV 1

This report builds upon previously filed progress reports and does not attempt to summarize the same. This report addresses ongoing issue(s) subject to the Consent Decree that remain work(s)-in-progress.

- 1. MDEQ After-the-Fact ("AFT") Permit: We received the MDEQ Notice of Authorization (AFT Permit) on October 3, 2016. A copy of the permit is attached. The AFT Permit will allow LRR to begin the completion of wetland mitigation on its site as well as the adjacent property to the east accessible to LRR. Mitigation activities are intended to take place after the 2016 growing season in order to minimize the impact on natural resources. The work commencement date is anticipated to begin during the Winter of 2017 and completed by the Spring of 2017.
- 2. Livingston County Drain Commission/MHOG Fire Suppression: The installation of the Screening has temporarily put this item on hold. The Screening will affect the location of the system.
- 3. Installation of Screening: We are in the process of completing the construction of the screening. It is expected to be complete by October 31, 2016. Color samples of the stain have been ordered but will not be available until Monday morning, October 10, 2016. We expect to have the stained concrete samples to the Township by Monday afternoon.

If the Township has any questions concerning the content of this report, please do not hesitate to contact Greg Menhart (517) 546-3820.
